**Don't get BOXED IN**  
*by your messaging server*

Sometimes a messaging package can look great on the outside, but it may really box you in over the long term.

# Think outside the box!

Think greater deployment flexibility ... more opportunity for innovation ... easier administration ... lower total cost of ownership

If you want more breathing room in your messaging infrastructure, go with a truly open server platform. One built on industry standards, with *proven* outstanding performance, availability, and scalability. Go with Lotus® Domino™ R5 on Compaq ProLiant servers.

## Break free with Lotus and Compaq

All the exciting innovation is happening on Windows NT®. So don't let your enterprise get boxed in. Break free with Lotus Domino R5 on Compaq ProLiant servers. And get more head room—with lower total cost of ownership.

**Audited benchmarks show Domino on Compaq to be among the top industry leaders!\***

\* Audit conducted exclusively on Compaq and Lotus by KMDS Technical Associates, Inc., November 1999.

When you look at the whole package, Lotus Domino R5 and Compaq ProLiant deliver total cost of ownership that's among the lowest in the industry.
